

Greetings!

"AGPTC MIND MARATHON 2K24"

We are happy to inform that Alagappa Government Polytechnic College, Karaikudi is organizing 2nd State Level Inter College Competition "AGPTC MIND MARATHON 2K24" on 28.02.2024 (Wednesday). It's our great pleasure and privilege to invite students from your institution. This platform paves an efficient way to exhibit their innate talents. This event aims to develop a sense of appreciation for talent and technology to stay globally competitive.

We request you to kindly motivate your students for sending papers, and also for active participation in other events. Looking forward for your cooperation in making the event a grand success. The poster and brochure are herewith attached for your reference.

Thank you,

With Warm Regards,

Er. N. Sivakami M.E., PGDCA.,
Principal

About us

Alagappa Government Polytechnic College was started in 1955 at Karaikudi by a renowned industrialist and philanthropist, Dr.RM.Alagappa Chettiar, to offer quality education to the student community. Subsequently, Government of Tamil Nadu undertook this college in 1966. This sprawling campus has accommodated various departments and several laboratories. These laboratories are fully equipped with modern instruments and machineries to provide hands-on experience to the students. Well qualified teachers help the students enrich their knowledge. Many of the alumni are placed in reputed Indian and Multinational companies. This institution celebrated its Diamond Jubilee in 2015.

About AGPTC MIND MARATHON 2K24

The primary objective of this event is to bring together students from various polytechnic colleges for sharing of knowledge, expertise and experience in the recent advancements in Mech / Electrical / Electronics / Civil and Computer science engineering. This platform emphasizes the students to utilize the creative side of the brain efficiently and to display their talents through various performances. This fest gives an exemplary opportunity for the students to build their confidence. It also helps the young minds to develop the design, communication and problem-solving skills by using acquired technical knowledge.

CONTACT PERSONS
